

Saxony Hospital Association (KGS) Association of Hospital Operators in the Free State of Saxony

The KGS represents the interests of 79 public, non-profit-making and private hospitals with a total number of 25.700 hospital beds in the Free state of Saxony; vis-à-vis the state, the general public and health insurance providers.

One of the most important entrepreneurs in the Free State of Saxony are the hospitals with about 44 500 collaborators including approximately 6.600 employees of the medical staff and 37.900 of the non-medical service. Every year about 918.000 patients are treated in-patient in Saxon hospitals.

Through its work the KGS is able to influence domestic hospital policy in Saxony and plays an important part in restructuring the way hospitals are financed.

At the period of 1991 until 2007 are approximately 4,52 Mrd. € invested in Saxony's hospitals. So the Free State of Saxony dispose of new constructed or complete sanified hospitals, which are equipped with the latest medical technology and offers the newest possibilities to examine and treat patients.
